

## ***SPECIFICATION SHEET: s083***

### ***SYSTEM 1305 HD LAPTOP 10 COMPARTMENT***

#### **Dimensions:**

<b>Height</b>	<b>Width</b>	<b>Depth</b>
1775 mm	300 mm	450 mm

### ***Strength and Security with Style***

Sturdy Construction	Door frame constructed from heavy gauge mild steel of press formed channel section.
Door Strength	Manufactured from 10mm thick solid grade laminate and supported as standard by two semi concealed 180 degree hinges
Style	Attractive and functional locker design.
Colour	We have a wide range of solid grade laminates available from several leading manufacturers in the UK, please ask for details from the sales department.

### ***Detailed Product Specification***

Nesting:	Lockers are supplied as single units 300mm wide comprising 2 columns of 5 compartments
Construction:	Spot welded and pop riveted.
Door Frame Assembly:	Comprising two uprights manufactured from heavy gauge mild steel of press formed channel section; top and bottom cross members which are designed to create door stops. Spot welded construction produces a rigid frame enabling door clearances to be maintained in accordance with British Standard requirements. The top cross member is covered by the SGL door providing a clean uninterrupted wall of colour.
Doors:	Solid grade laminate doors are attached to the right hand side of door frame upright with two semi-concealed, 180 degree 5 knuckle hinges. Two rubber buffers are fitted to the top and bottom corners of each door for quiet closure.
Bottom:	The bottom is formed as a 60 mm high plinth. All edges have return bends and the front and rear edges drilled for fitting to stands or stands with seat.
<b>Charging Facility:</b>	Each locker compartment is provided with a standard 3-pin mains voltage socket each with 2 USB charging ports to enable the charging of portable devices e.g. Laptop, Mobile Phone, PDA etc. The top of each cabinet is provided with a fused switch to enable the unit to be isolated. We supply a 2 metre flying lead to enable the unit to be wired into a suitably rated fused spur. The units internal wiring is rated at 22 amps however please consult a suitably qualified electrician before wiring the units into the mains supply

Locking Options: There is a choice of locking options:

- Standard cam lock with keys
- Swivel latch lock for users own padlock
- 4 Digit dial mechanical combination lock
- 4 Digit electronic combination lock with programmable options

Colour Range: We have a variety of finishes and colours from several leading manufacturers, please ask for details from our sales department.

**OPTIONAL EXTRAS:** The following can be supplied at an additional cost and, if included, will be specified in the quotation.

Locker Numbering: **OPTION 1:** Each compartment can be supplied with a plastic oval number plate recessed into the door centrally positioned at the top of the door. Maximum amount of digits is 4.

**OPTION 2:** Each compartment can be supplied with a number engraved into the door centrally positioned at the top of the door. Maximum amount of digits is 4.

End Panels: For aesthetic appearance and to protect row ends, specifically designed end panels are available.

Installation: Helmsman offers a full installation service for its products.

**Bespoke:** We have the ability to customise our products to meet your requirement and space, providing solutions for awkward corners, uneven floors or even curved walls.

**After-sales Service:** All of our products are supported by the Helmsman Service team who provide technical advice, maintenance schemes, prompt delivery of replacement keys/parts and product refurbishment. Contact them on 01284 727633 or email [service@helmsman.co.uk](mailto:service@helmsman.co.uk)

- Health & Safety: Lockers must be firmly secured to wall or floor and fixed together in runs for safety purposes. If applicable, install in accordance with specific product instructions.
- All dimensions are nominal.
- To enable us to interpret your requirements accurately, please state at time of enquiry/order the choice of locker type, colour, locking and nesting arrangement and delivery requirement.
- The products described in this specification sheet herein are the subjects of patent, trademark, design and copyright protection or application thereof.
- In the interest of efficiency and service to our customers, the company reserves the right to modify the specifications of any of its products.
